

# MUSEUM OF THE FORGOTTEN WARRIORS

## NEWSLETTER #2 APRIL 2018

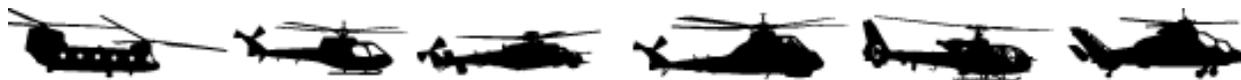

Yes, I am aware there is another Saturday in April. This coming Saturday is the Beale AFB airshow and it's going to be awesome. There is free front row parking in the museum back parking lot, so you don't have to fight the traffic on Beale.

April has been a busy month at the museum. We have a new exhibit, thanks to Nolan Gobel's Eagle Scout project. It is a replica of a WWI trench. It is on permanent display out back by the landing craft. Please come check it out. Thanks to Nolan and BSA Troop 6 from Yuba City and the scouts' parents for a fun day of watching them work to assemble the trench. They even treated everyone to lunch! We were happy to welcome four new volunteers: Terry Coranda, Richard Moe, Brock Bowan, and Don Owens. These volunteers were a help to the regular crew and me. I hope they become regular volunteers. This month Don, Richard, Tony, Carson, Bill, and I have been at the museum on Saturdays. We hope to get many more of you veterans to sign up for a Saturday here and there.

We have help from Brent Shires, Ed Unwin, and Harold Osborne to maintain and repair some of the models in the museum. They will be working on keeping things updated and looking great. If I tried to dust them off, I would most likely break something!

Work is ongoing to finish the patio and the effort is much appreciated. Bert Johnson is going to paint scenes from Vietnam on the HUGE helicopter blades and eventually, when he is finished, the blades will be hung in the patio.

Thanks to everyone for your continued support. We hope to get more of you involved, so please call Don to get on the calendar.

For Dann,  
Roberta

Ps: If I forgot to thank you . . . thank you!
